# ACLA 2025: Selecting a paper order for your seminar

1. Log in at ACLA.org and navigate to your dashboard (click on "My Account" if you're not taken to your dashboard automatically).

2. Select the "Your Event" tab.

3. Use the drop-down menus to select and order the papers you'd like in each session of your seminar.

TIPS:

✦ Each presentation is expected to last approximately twenty minutes. Ideally, each seminar session will include four papers, though up to five can be accommodated per session if necessary.

✦ Aim to include a similar number of papers in each session of your seminar.

✦ Seminar organizers should schedule the papers within their seminars by February 18 for inclusion in the ACLA 2025 program.
